

Job Description & Requirements

Registered Nurse (RN) — AMN Emergency Services Flex Team

Registered Nurse (RN) — AMN Flex Team

The Emergency Services Flex Team offers nurses a unique opportunity to make a difference in the lives of patients and their families in a diverse healthcare environment. In this role, you will become a part of a community of nurses who provide high-quality patient care across several local facilities and in a range of specialty units within each facility. You will learn and grow in a supportive and inclusive environment where you can fully apply your experience and passion—and truly make a difference. Enjoy competitive pay and benefits, a variety of work experiences, and with scheduling that is flexible—with the added benefits of regular work hours, the stability of full-time or part-time employment, professional development, and the support of clinical leadership. A sign-on bonus is currently available for RNs within the ED, ICU and Tele specialties. We also offer relocation assistance.

Job Description

In this role, the AMN Emergency Services Flex Team RN will provide professional comprehensive nursing care for patients in an acute care environment within a variety of specialty units, settings, and healthcare facilities.

- Care for the patients in the dynamic, fast-paced, high-patient turnover environment of the Emergency Department (ED).
- In collaboration with the physician, provide and coordinate emergency nursing care for patients through comprehensive nursing decisions based on interpretation of data, assessments, and evaluations of patient outcomes.
- Provide inpatient medical, surgical, telemetry, step-down, and ICU levels of care to patients who are admitted to the hospital from the ED and awaiting their inpatient rooms to be assigned.
- Complete and document the admission assessment, physical assessment, vital signs, care plans, and patient and family education, per facility standards.
- Participate in patient/family teaching, working cooperatively with members of the healthcare team to maintain standards of professional nursing practice in the clinical setting.
- Provide an optimal patient care experience by actively listening to the needs of patients and family members and taking responsibility for meeting those identified needs.

This position reports to, and is accountable to, the Clinical Ops Manager of AMN. The role will be assigned to work at various locations, nursing departments, or units, and will take direction from the Providence Health Nurse Manager during shifts.

Requirements

- 1 year of recent experience as an RN in one of more of the following: emergency, urgent care, adult ICU, and critical care settings
- Graduate of an RN program—BSN degree preferred
- RN experience and active, current, unrestricted CA license
- National certification in specialty area preferred
- CPI training preferred
- BLS/CPR certification (issued by the American Heart Association)
- ACLS, PALS, NIH Stroke Scale, TNCC, MOAB, CPI certifications (may vary by specialty)
- Reliable transportation and willingness to travel to the Providence locations at which they have scheduled work shifts

Location of Facilities

As part of the AMN Flex Team you will provide care across Providence Health facilities in either Santa Monica, Torrance and San Pedro; Orange, Fullerton, and Mission Viejo; Burbank, Mission Hills, and Tarzana; or Apple Valley.

With ideal weather and consistent sunshine year-round, Southern California is a highly sought-after region to live and work. Miles and miles of gorgeous beaches stretch along the Pacific Coastline, providing an incomparable backdrop to the west, while stunning mountain peaks tower in the distance to the east. Whether in the bustling Los Angeles area or the beautiful beach towns in Orange County, residents love calling Southern California home. With breathtaking scenery all around and access to every amenity you could imagine, you'll enjoy a remarkable quality of life here.

Job Benefits

As an integral member of the AMN Flex Team, you will enjoy a number of benefits to help you advance in your career.

- **Flexibility:** We have a team dedicated to working with you to schedule shifts based on your preferences
- **Stability:** Regular hours and market-leading compensation and benefits package
- **Camaraderie:** Belong to an exclusive team that cultivates collaboration and community
- **Growth:** Gain valuable hands-on experience in a variety of specialty units
